TO: Chairman and Members of the Planning Commission

STAFF RECOMMENDATION

Staff recommends that the Planning Commission conduct a workshop to receive public input for the development of the City of Wildomar Parks Master Plan.

PROJECT DESCRIPTION

On January 22, 2014, the City Council approved, as part of the Development Impact Fee (DIF) Study, a DIF component to prepare/update a Parks Master Plan. Staff recommended an update to the Parks Master Plan because the current Plan was originally prepared for Riverside County Parks, CSA 152 Zone 'A' Wildomar Master Plan for Parks and Recreation, September 30, 2002.

The primary effort of the October 2014 Parks Master Plan updates prototype park amenities and probable costs. The Master Plan introduces general locations for community, neighborhood and tot lot/trail head parks. The updated plan initiates the linkage to trails with the prime focus on a future Murrieta Creek Regional Trail.

The Planning Commission Meeting is the third opportunity for the community to comment on the October 2014 Parks Master Plan. Staff intends to incorporate the input from these public venues into the final Plan to be presented for adoption in early 2015. The public meetings to date include:

1. October 14, staff / public workshop
2. October 21, Parks Subcommittee / public workshop
