CITY COUNCIL TO HOST TOWN HALL MEETING REGARDING PARKS AT MARNA O'BRIEN PARK

WILDOMAR, CA

The California Supreme Court chose not hear a critical case concerning the County of Riverside in a lawsuit brought about by a resident of the City of Wildomar. The lawsuit concerned an improper establishment of the assessment district that pays for the operating and maintenance costs of Wildomar's parks. Since the County lost this case the elimination of this funding stream makes providing park services next to impossible.

"Not having the funding for our parks in our community hurts everyone. The consequences are devastating for the quality of life many of us have come to enjoy. This hurts the City's efforts in everything from economic development to developing parks programming for all age groups in the City. We want our residents to show up and voice their opinions. Imagine children growing up in a community without parks it's simply unacceptable", said Mayor Moore.
